

## Focus — What Matters Most

### Intro

Where does your time go when the morning starts?  
What fills your mind, what shapes your heart?  
Are you where you hoped you'd be by now?  
Or just moving fast without knowing how?

### Verse 1

How do you spend your days when no one sees?  
What are you chasing, what do you believe?  
What gets your best and what gets the rest?  
Are you living distracted or living blessed?  
What are you choosing to focus on?

### Pre-Chorus

Every road's got a thousand signs,  
Every voice says, "Make it mine."  
But peace comes when we choose what lasts.

### Chorus

Focus on what matters most,  
The people you love, the faith you hold close.  
Focus on growing, becoming your best,  
On what you can change—release the rest.  
When your eyes are steady and your heart is true,  
God moves power through what you choose.  
Focus with purpose, hope, and joy,  
And watch your life rise when you focus right.

### Verse 2

Focus on the work placed in your hands,  
Being faithful right where you stand.  
Little by little, day by day,  
That's how mountains move along the way.  
Focus on the gifts Heaven gave,  
They were never meant to waste away.  
You don't need perfect, just willing and true,  
God does the rest when you do what you can do.

### Pre-Chorus 2

You don't need more time to make it through,  
Just a clear direction and trust Him too.  
Obedience turns steps into strength.

### Chorus

Focus on what matters most,  
Not the noise, not the fear that pulls you close.  
Focus on faith, on the now, on the call,  
On becoming who you're meant to be after all.  
When your mind stays clear and your hope stays strong,  
You'll find your way—you'll move along.  
Focus with purpose, hope, and joy,  
And watch your life rise when you focus right.

### Bridge

What you feed will grow,  
What you starve lets go.  
Every prayer needs a listening heart,  
Every journey needs a faithful start.  
Fix your eyes on what won't fade,  
And trust the path your Maker laid.

### Final Chorus

Focus on what matters most,  
On loving well and trusting God.  
Focus on purpose, faith, and truth,  
On the life He's shaping inside of you.  
You were made for hope, you were made for joy,  
Made to rise when your focus is deployed.  
So fix your eyes, choose what's true—  
Your future is built by what you focus on.
